## **About Cullen and Dykman's Energy, Renewables and Utilities Department**

For over 100 years, our firm has represented electric, gas, water and telecommunications clients in a variety of matters before federal, state and municipal agencies, such as the United States Department of Energy, the United States Federal Energy Regulatory Commission, as well as various state public utility commissions. Building upon this rich history, our firm's Energy, Renewables and Utilities Practice guides clients through complex regulatory approval processes by municipal entities, state and federal public utility commissions as well as departments of environmental protection. We also routinely represent our Energy, Renewables and Utilities clients in transactional, policy and litigation-related matters.

## **About Cullen and Dykman**

Cullen and Dykman ([www.cullenllp.com](http://www.cullenllp.com)) has been providing legal services to institutional clients since 1850. The firm represents a wide range of clients, including banks and other financial institutions, energy, telecommunications and water companies, construction companies, insurers, educational institutions, religious organizations, and not-for-profits. With over 190 attorneys in seven offices located throughout the Northeast and MidAtlantic regions, Cullen and Dykman is strategically positioned to meet the changing needs and demands of our clients.
