

Personal Injury/ Negligence

The attorneys in our general liability, tort, and insurance defense department have extensive experience representing corporate, municipal and individual clients in personal injury matters. This includes prosecuting and defending claims involving premises liability, motor vehicle accidents, construction accidents, and property damage. We take an individualized approach to every matter we handle, providing prompt analysis of legal issues involved, assessing our clients' exposure or damages, and executing an aggressive litigation strategy designed to achieve the best possible result as quickly and cost-effectively as possible.

Within our general liability, tort and insurance defense practice, we undertake a comprehensive investigation of every claim in order to assess liability and damages and identify weaknesses in our opponent's case. We vigorously represent our clients' interests from inception to trial, and our attorneys have secured numerous favorable settlements and verdicts in New York, New Jersey and throughout the Northeast region.

Defense Representation for Personal Injury and Other Negligence-Based Claims

We have extensive experience defending clients in high-exposure cases involving catastrophic injuries such as brain damage and loss of limbs, as well as the loss of life. As defense counsel, we explore all potential avenues for defeating the plaintiff's claims, from exposing deficiencies in the plaintiff's evidence to presenting countervailing evidence and exploiting procedural deficiencies in the plaintiff's case. Regardless of the facts at hand, our primary objective is always to secure a dismissal. If this is not feasible, we will execute a defense strategy focused on achieving a positive result at the lowest possible cost and with the least possible disruption to our client's business operations.

Aggressive Plaintiff's Counsel for Cases Involving Personal Injury and Wrongful Death

All of the attorneys on our personal injury team are aggressive litigators who have experience taking on major corporations and insurance companies. Whether it is in our client's best interests to negotiate a settlement or fight for a jury verdict at trial, our attorneys are fully committed to doing whatever it takes to help our clients recover.
